TESTIMONIALS

“Kristin Banta Events shatters the concept of what events can be. Kristin's design work, on the **cutting edge of both fashion and technology**, takes her clients' vision to epic new levels as she orchestrates truly original and provocative experiences **that indulge every sense** while impacting a distinct story to each and every guest.”
~ Jenna Blaha, Tech and Fashion Editor, Marie Claire Magazine

“I hired Kristin Banta for one reason – she is a **risk taker**. She has the unique skill of giving her clients exactly what they want, while also challenging them to think **outside the box**.”
~ Emily Negley, Special Events Manager, Vulcan, Inc.

“I love that Kristin's designs are not about trends – they are about an **expression**. She pinpoints a unique moment, trait or **point-of-view** and then brings it to life in her décor. As such, she constantly **inspires** and pushes boundaries while delivering beautiful, couture events with her quintessential touch of whimsy.”
~ Lara Burnap, Editor-In-Chief of California Wedding Day

“Kristin Banta is an event planning rock star! More than once, she has been able to take a ridiculously limited budget and transform the back of a comic book shop into the most stylish, sophisticated and downright **sexiest event in town**. Banta makes nerds look good.”
~ Christopher Fealy, Former GM, Nerdist Industries
